Café kaputt, the open repair café.

We offer help as well as tools and machines for sewing, grinding, drilling and other repairs. There are also spare parts and materials of all kinds to fix broken things of your daily life. The idea is based on mutual empowerment in an open space: Meet up for repairing, building, sewing, supporting each other and sharing ideas as well as knowledge. Learn how to repair things and/or offer your skills for helping others. Café kaputt is open for everyone and based on donations. Depending on your possibilities, please consider donating something so that we can pay for tools, materials, drinks and our rent.
